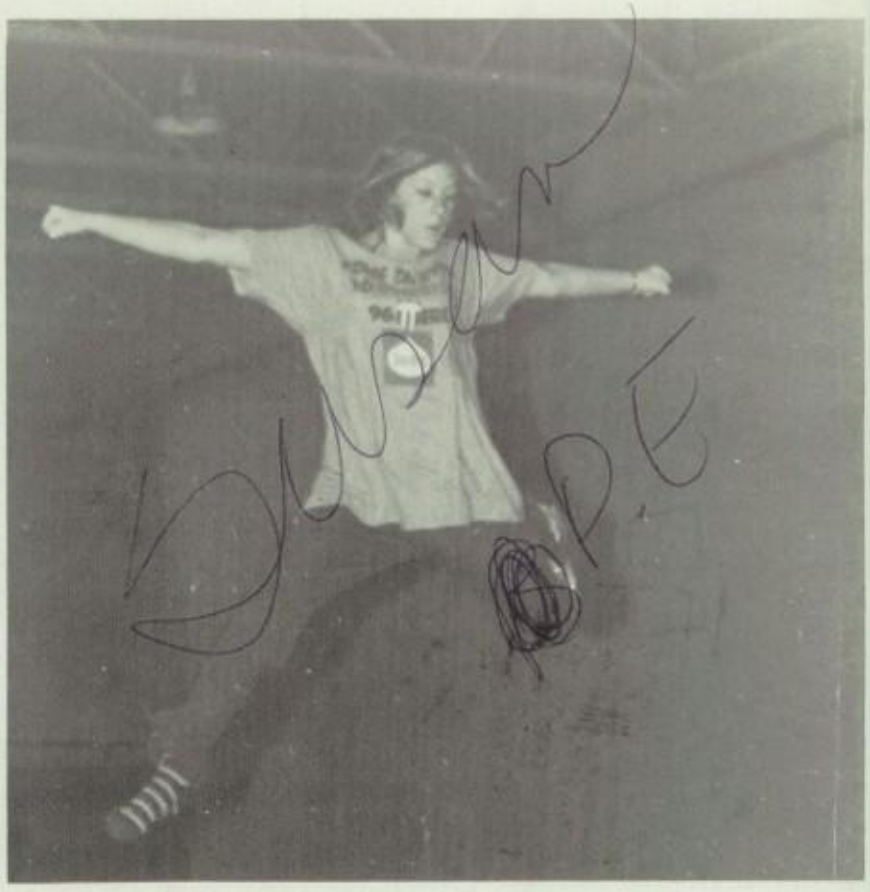
"We've Got It All"

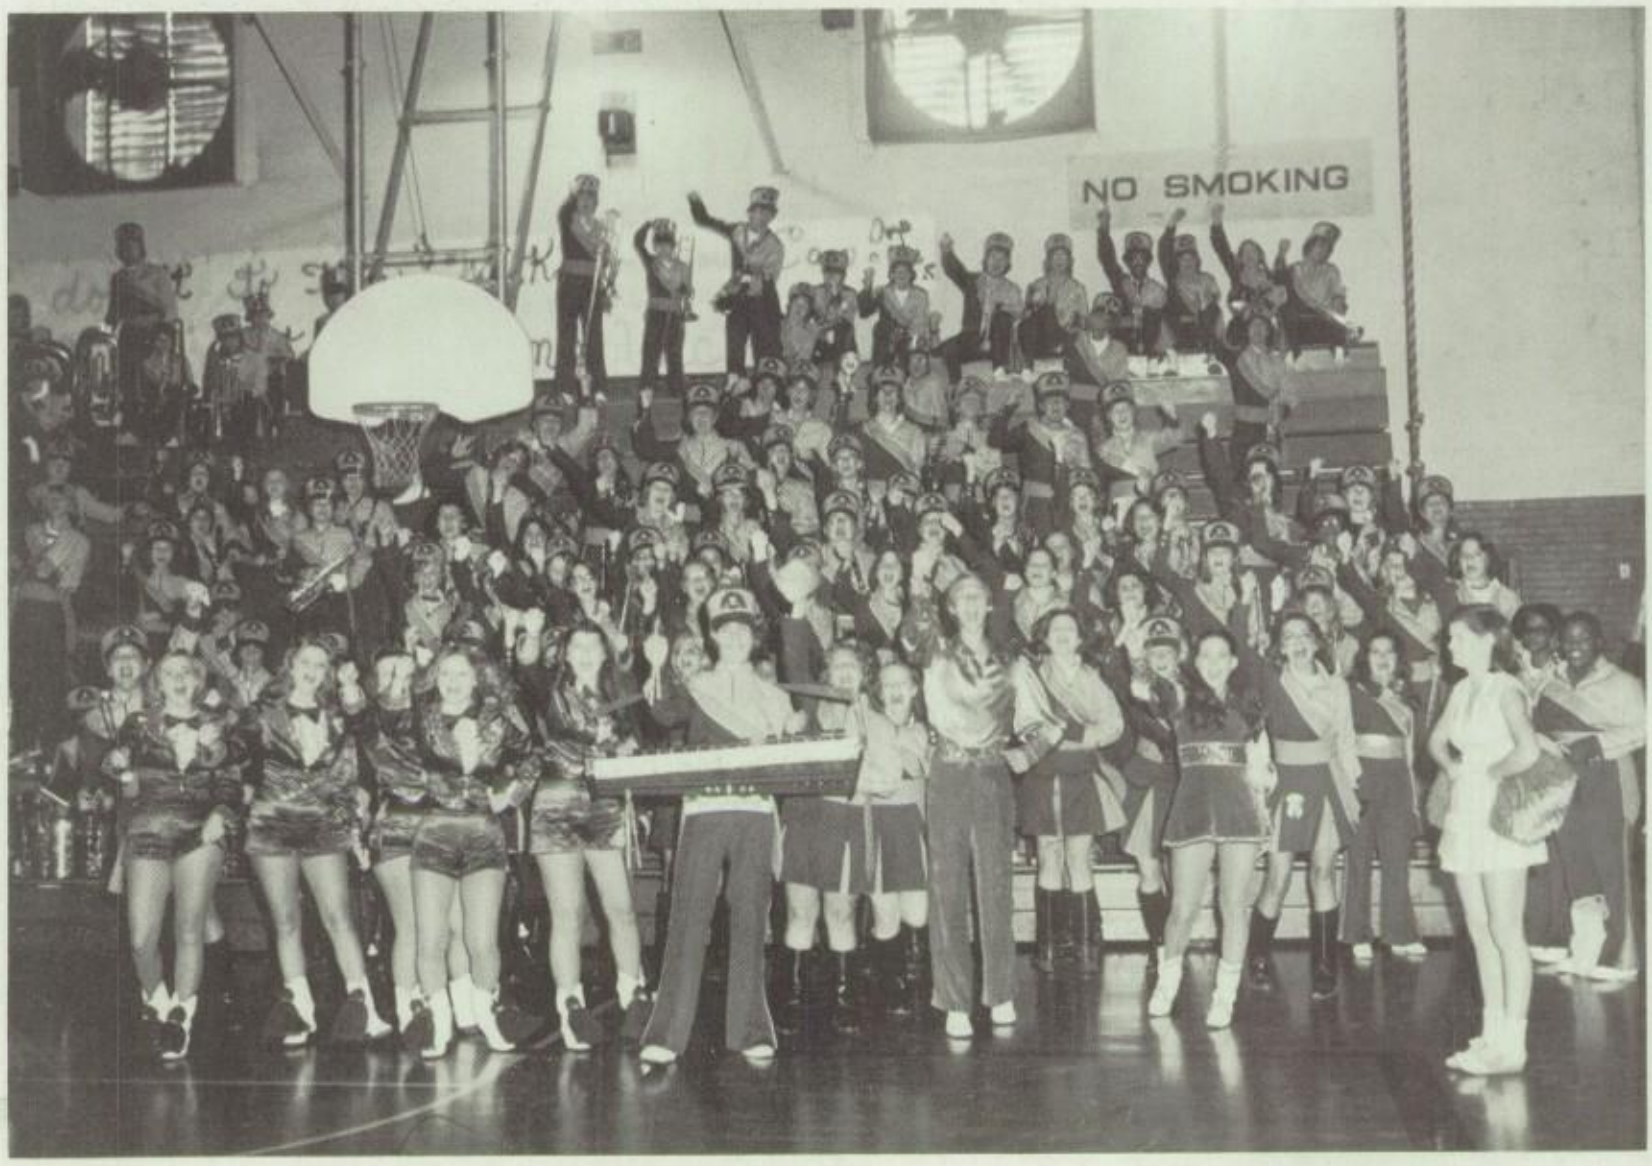
Boyce Broadus Library
Tarrant High School

We've Got Determination . . .

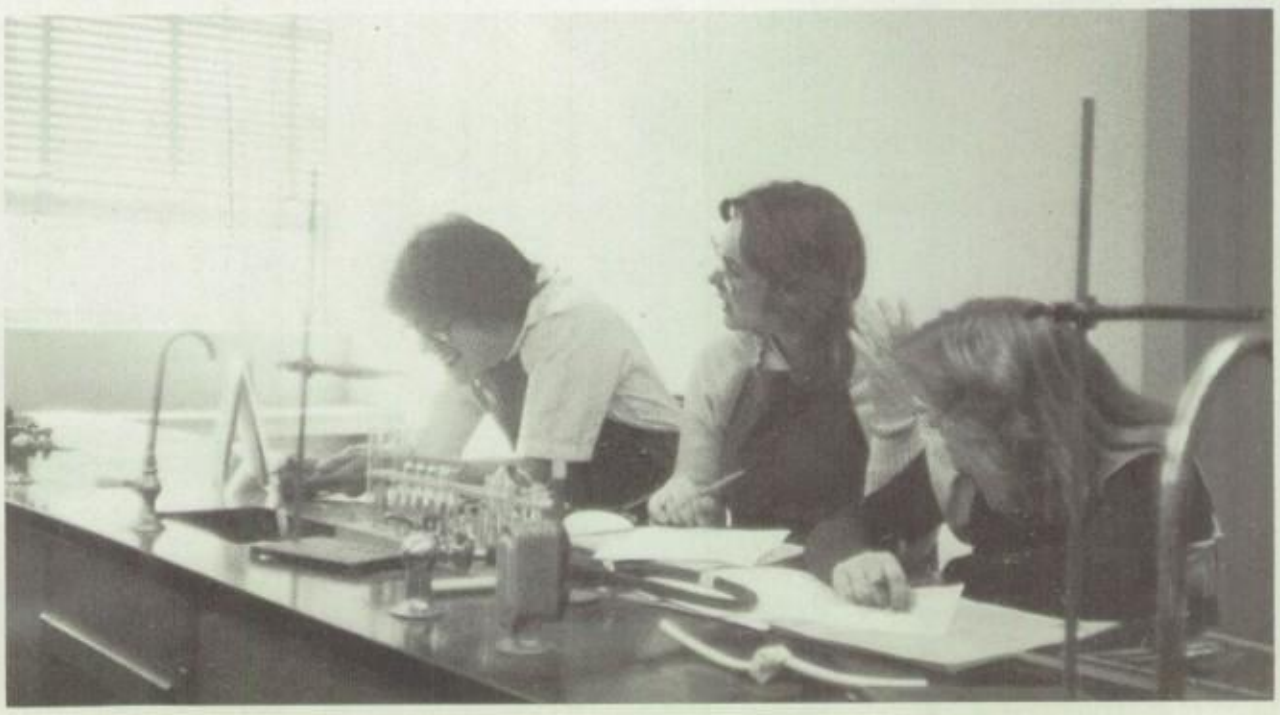


Whether involved in spectator sports or individual sports,

exemplifying hard work
and perseverance,
each accomplishment,
whether large or small,



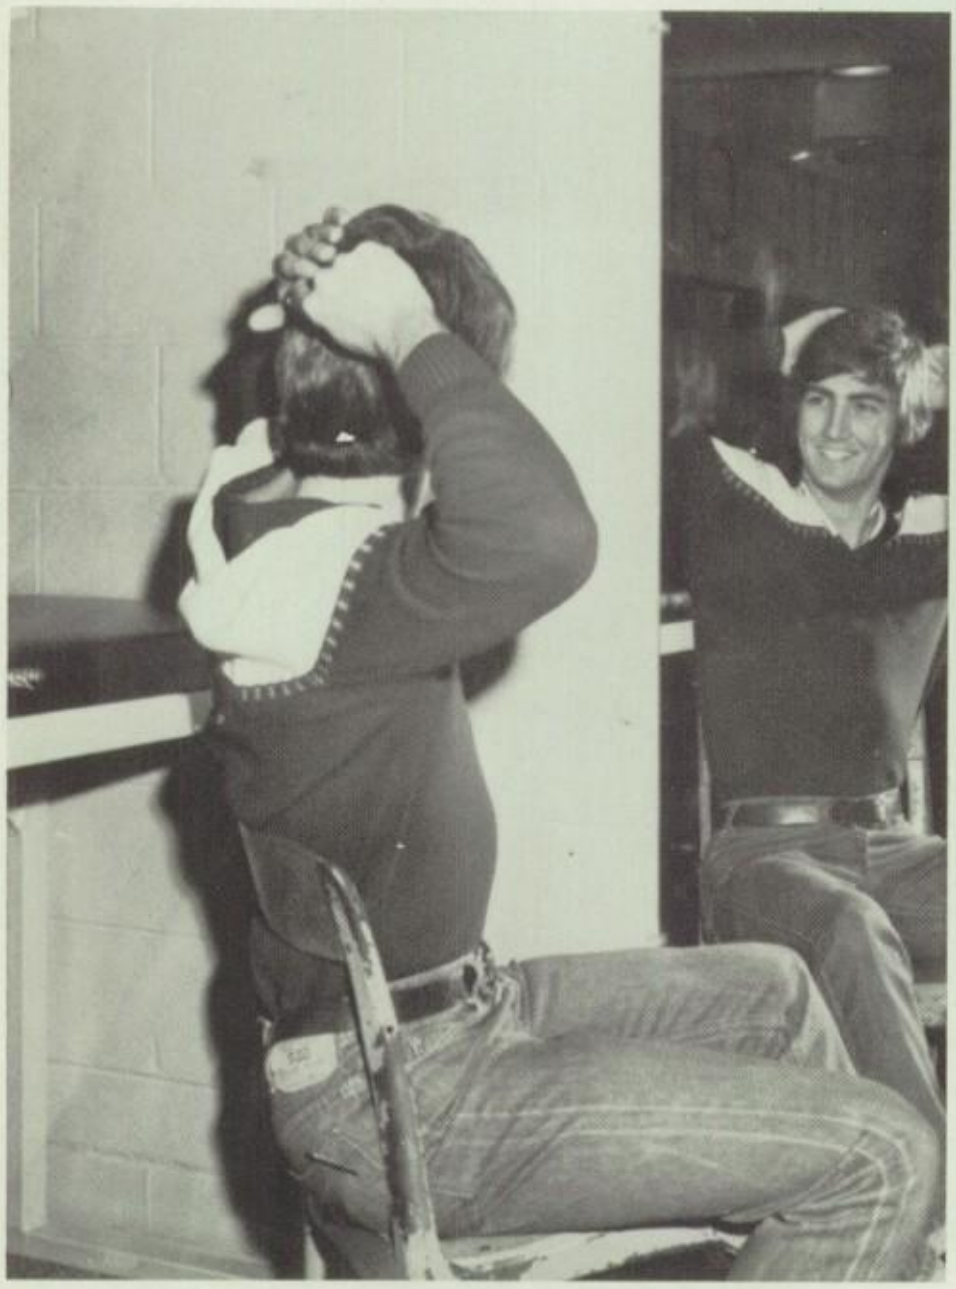
is a step ahead
for all of THS.

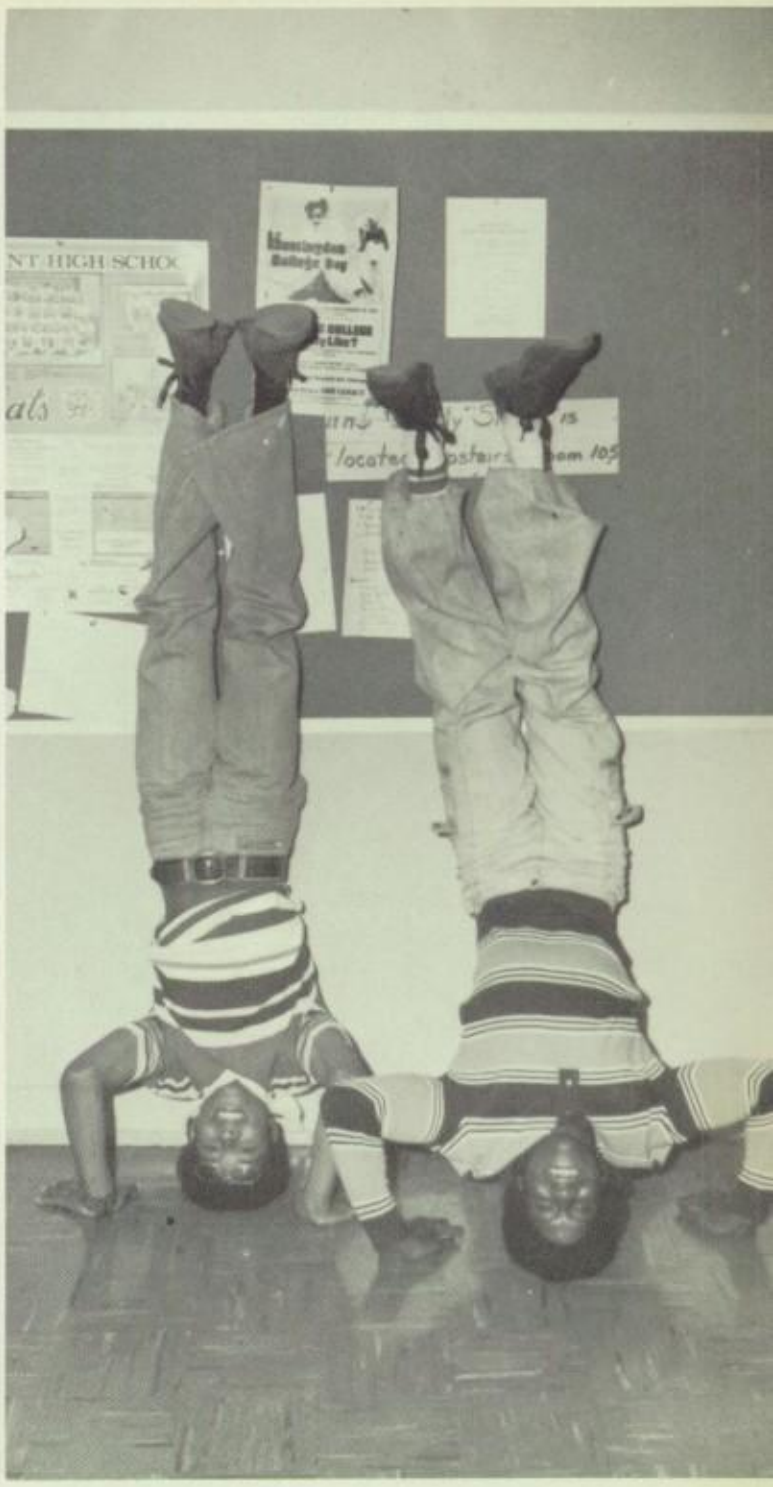


We've Got Happiness

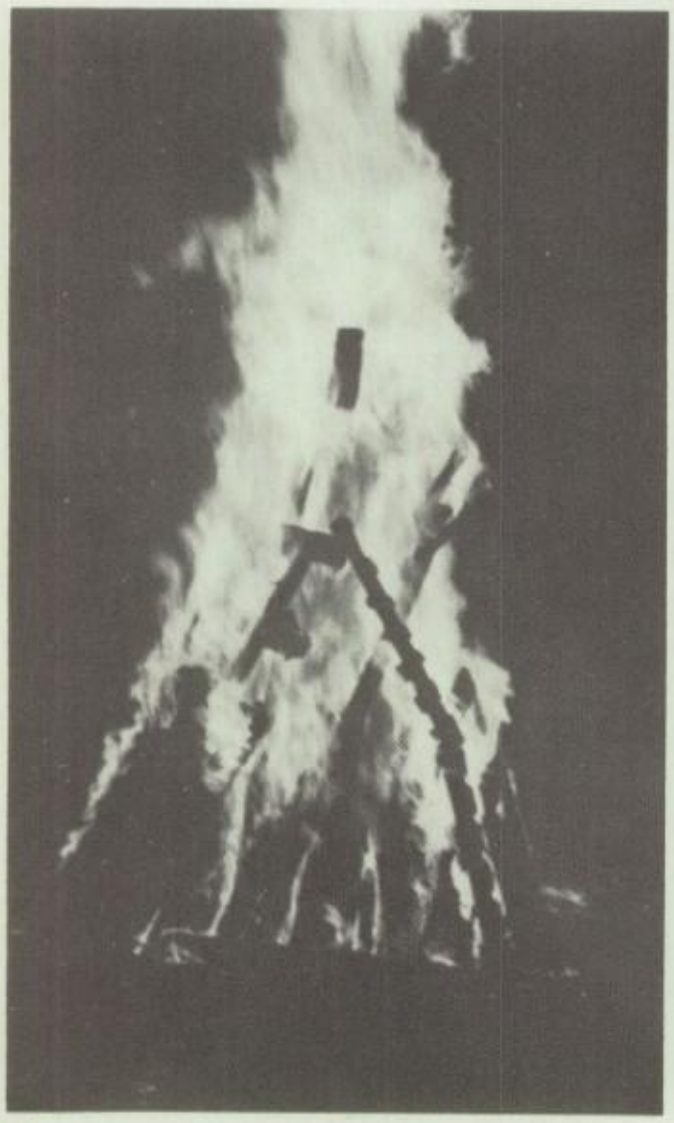
Happiness is found in — a cheerful song, swinging, goofing off,

eating, and group activity, as reflected by the warm smiles.





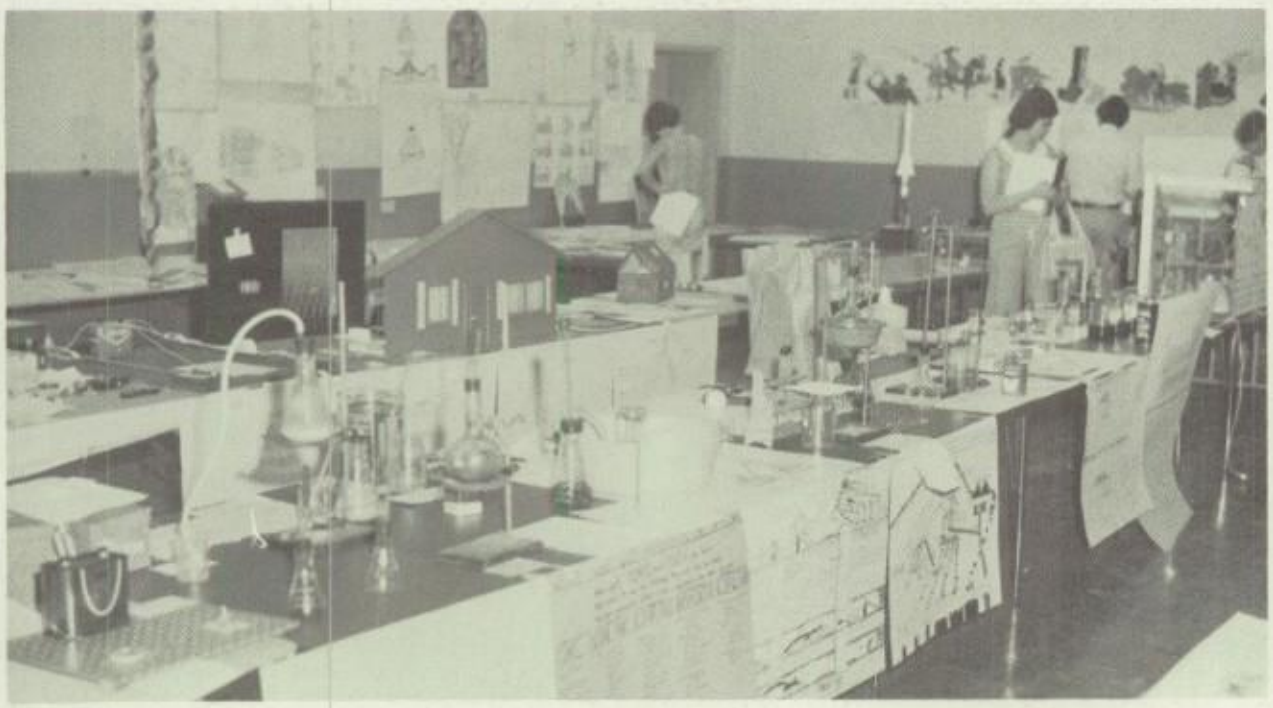
We've Got Spirit . . .



We've Got Togetherness . . .

We've Got Friendships . . .

Many of these are lasting relationships; however, all are memorable ones.



We've Got Pride . . .

This is portrayed through group and individual performances, which leave a favorable impression, in most instances.

We've Got Talent . . .

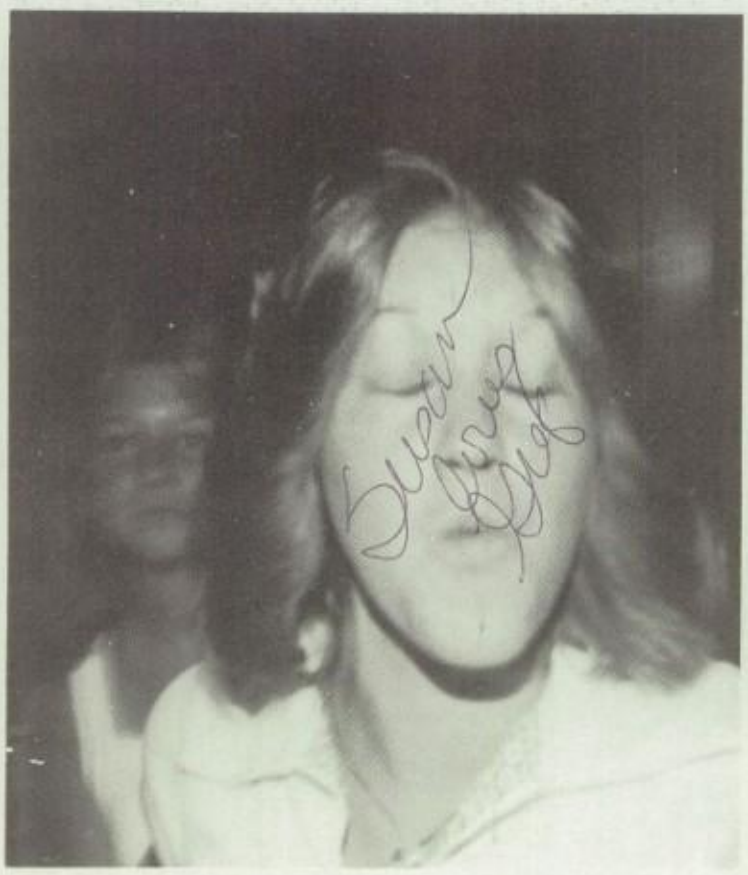
An artist's brush may be applied to oils, tempera or grease paint,

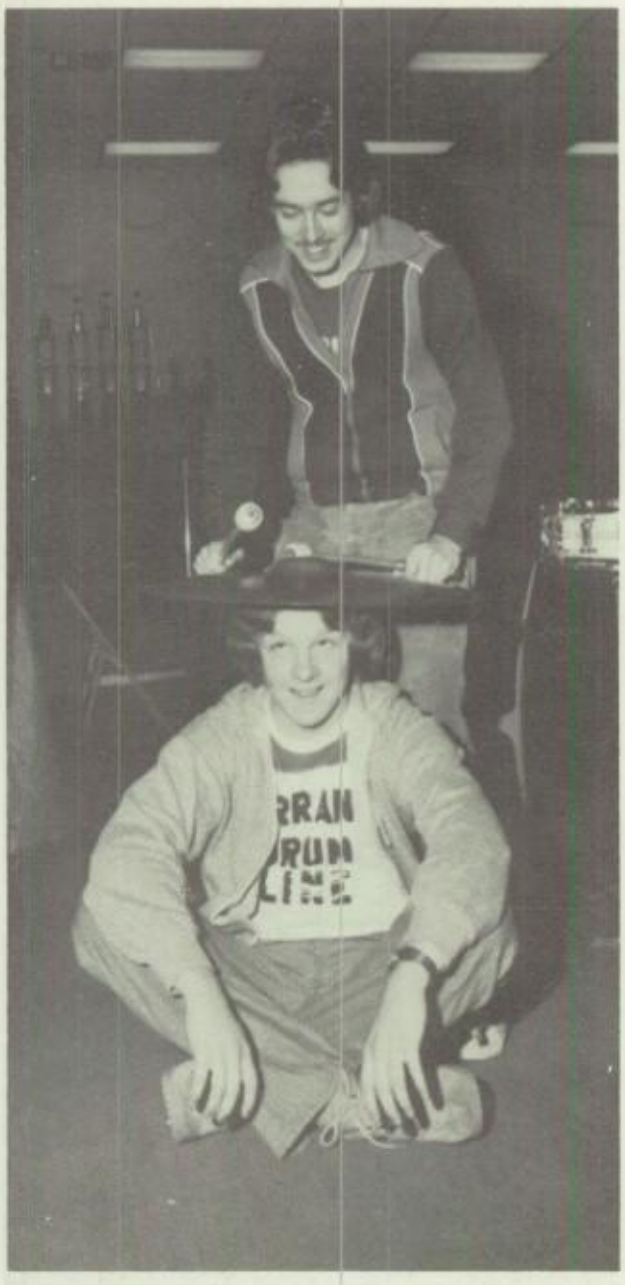
but only an artist can create that which is beautiful and enjoyable.

The spoken word can invoke anger, fear, sadness or trust, comfort and happiness. An actor or actress communicates with the audience with his vocal inflection.

We've Got Energy and Enthusiasm . . .

We've Got a Sense of Humor . . .





Because the Wildcat Staff feels a special affection for the sponsor who — handles the selling and distributing of annuals, sponsors N.H.S. and makes our job easier in a thousand ways — we take pride in dedicating this book to her. For all she is to us, for all she does for us and the entire school, the "79" Wildcat is dedicated to Mrs. Dorothy Davis.

We've Got Youth

. . .

We are involved
in learning about life,

about others,

and most of all
about ourselves.

FACULTY

PROFILE

Teachers . . . you saw them for 178 days, but do you really know them? For instance, did you realize they average 5.8 years teaching at THS of their 8.5 total teaching experience? They are smart . . . 57% have degrees above a Bachelor's. They are involved . . . 59% sponsor a club or other extracurricular activity. They are family oriented . . . 63% are married and have enjoyed an average of 9 years of wedded bliss. 47% have an average of 1.5 children. Have you noticed that they are good looking? Of those answering the questionnaire, the average height was 5' 7", weight was 157 lbs, and age . . . well, that is a little too personal. 65% are brunettes, 25% are blondes, 5% are frosted and 5% have black hair. No one admits to gray, though. Pet peeves include sassy kids and cheating. All think THS is great and are glad to be a part of our faculty!

Do Business With A First National Banker Instead Of Just A Bank.

During our 103 years, we've learned a lot about how to help all kinds of people in all kinds of ways.

And by far the most important thing we've learned is that we can best meet our customers' needs by giving them person-to-person service. That's why our First National Bankers are always trying to find solutions to their customers' problems—whether it's helping to choose the right kind of savings plan or figuring out how to finance a new business.

If you're not getting that kind of individual service from your bank, come meet a First National Banker who'll give you the most efficient, person-to-person banking you've ever had. To us, that's what having your very own First National Banker is all about.

So why not trade in the bank you've been dealing with for a First National Banker? It'll be the smartest financial move you've ever made.

Mrs. Myers,
